Source extract

Canal Works job filing, status history

Brooklyn. Standpipe alteration to a commercial building. Status on September 3, 2026: submitted. Status on September 10, 2026: approved.

Your next step

Open the filing, read the approved scope, and call the general contractor if the standpipe work is still unassigned.

What this does not tell you

Whether a contractor is already on the job, when construction starts, or whether a bid is being taken.
